Is someone you know struggling
with learning, attention, motor or
behavior challenges?

Are you looking for new
answers, deeper understanding
and how you can help?

*An approach that looks for and addresses the root cause of a problem
and recognizes that children show us what they need.*

--This course will forever change your strategies when approaching learning,
social and behavioral challenges.

--You will learn eleven activities that enhance focus, reduce stress and support learning.

About the Instructor: Cathy Stingley has been teaching HANDLE for 20 years in many parts of the world. She is the senior HANDLE Instructor, American and European Regional Education Director and owner of Thoughtful Therapies in Homer, Alaska.

"In her presentations Judith Bluestone¹ combines an insightful background in neurophysiology with practical activities for children and adults with a spectrum of learning and neurological challenges. HANDLE ingeniously addresses the underlying causes of these challenges. I fully support HANDLE's path to healing through gentle enhancement; it complements Waldorf special education in a wonderful way." Ingun Schneider, RPT, Director of Remedial Education, Rudolf Steiner College, Fair Oaks, CA

1 The late Judith Bluestone is the developer of HANDLE and founder of The HANDLE Institute
